Project Design Phase
Solution Architecture

Date	3 October 2026
Team ID	SWTID-2026-3047
Project Name	Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer
Maximum Marks	4 Marks

Solution Architecture:

Solution architecture defines how the **ServiceNow platform, Service Catalog, approval process, Flow Designer, Catalog Tasks, and Hardware team** work together to solve the laptop procurement problem. Its goals are to:

- **Automate the Standard Laptop procurement process** using ServiceNow Flow Designer.
- **Define the system structure and workflow** from request submission to Hardware team assignment.
- **Specify the required features and components**, including Service Catalog, approvals, Catalog Task creation, and task assignment.
- **Provide a clear technical structure** for implementing, managing, and delivering the automated procurement solution.

Example - Solution Architecture Diagram:
